Nooooo!

It's the temptation that eats at me
Our hearts crumble as they turn into DEBRIS!

Whenever your in need
Life is swept out
From under your FEET!

CHORUS:

I feel the blood rushing through my veins
I won't be angry if you don't forgive me
Take me back to your darkest place
It's the only way where I know that you'll be SAFE!

PREPARE FOR WAR!

Prepare
For
WAR!

Don't call me false
Because that's what you are
This time
You've gone too far
I'm not the one accused
Your not the one excused

Chorus x1
