Behind the mask, a bead of sweat  
Runs over my face I am ready to jump  
If it approaches me. It is arriving  
And I must stop it, one need,  
It all depends on me  
I cannot fail my mission

[Chorus:]

The eagle locates it's prey  
And does not lose it  
The blades cut asplit  
And the fire attacks the ice all around  
The eagle locates it's prey  
And does not lose it  
The blades cut asplit  
And the fire attacks the ice all around  
Fire on ice

Taken in my claws I am now his master  
I keep it close to me I will not let is escape  
Taken in my glove, it was written, I must win  
It's my reason to live, I am the eagle goalkeeper

[Chorus]

Goalkeeper, goalkeeper, let the fire in your eyes  
And the ice, and the ice, imprison your heart  
Oh my boys, oh my boys, defend your territory  
Raise your head, raise your head, proud as an eagle  
Sharpen your stick, sharpen your stick, and seek the  
right target  
Hit and run, hit and run, take the legendary cup  
Icesknights, icesknights, we must fight until the end  
And tonight, and tonight, we will be victorious  
We must fight until the end, and we'll be victorious
