So you're so big and I'm so small
You're ten feet high I'm under tall
You just go on and on and on

You're all nine yards
I'm just a few
I've never won you'll never lose
According to your on and on

Pre-Chorus
But let me tell you something,
You might want to hear
Step a little closer I can
Scream it in your ear

Chorus
I think, you think, I'm a big fat
Nothing!
And I think that's just fine

You're the cat's meow
I'm just a rat
You're the big catch
They'd throw me back
You still go on and on and on

You'd have the world
I'd give it back
You see success I see a trap
Your chains go and on and on

'Cause what I've got is what you
Want and what you got
Is not a lot
If you would look at it from an
Eternal point of view
You keep climbing up the ladder
Leave behind the things that
Matter, ever stop to wonder
What it is you're climbing to
