You say you do, then you say you
Don't and don't want to
But there is more to this, separation
Of yourself and the one
You want to point your finger to

Chorus

You, you say that you believe,
But your insecurities send your
Walls of faith tumbling down

Just close your eyes, remember
Better times than these
You were so sure, I know, that
There was nothing to come
Between you and the one who
Breathed new life into your soul

Chorus

You, you hang on every word,
Until your visions blurred
Accuse him of a dying flame
You, you're counting every loss
While throwing down your
Cross and you still wonder
Who's to blame

Don't talk to me, talk to me
About who's causing all your
Problems
Don't talk to me, talk to me
About who's telling all them lies
Who's to blame, who's to blame
Well have you looked at
Your own reflection
Who's to blame, who's to blame

So here you stand, your world
Is falling apart again
What will you do, now that
There's no one left to accuse
But you still stand in shadows

Screaming the light has
Burned your eyes

Chorus

You, you hang on every word,
Until your visions blurred
Accuse him of a dying flame
You, you're counting every loss
While throwing down your
Cross and you still wonder
Who's to blame
I don't want to see you leave,
Cause I know you still believe,
So my friend let go of the blame
