Beyond the Realms of Reason  
Lies a place so pure  
Free your mind and lose your consciousness  
Don't refuse  
Come with me  
Over the mountain  
You and me  
You and me  
Are Angels

Beyond the Gates of Wisdom  
Lies a daydream land  
Lose your mind and free your consciousness  
Take my hand  
Come with me  
Over the mountain  
You and me  
You and me  
Are Gods

Beyond the Realms of Reason  
Out of space and time  
Bend your mind and reach unconsciousness  
Cross that line  
Come with me  
Over the mountain  
You and me  
You and me  
Forever

Forever  
We swoon  
Over the moon  
Open your arms to your heart  
And the stars will forever align - For you
