Put my collar up  
I'm in way too deep  
I see dark shadows up ahead  
I'm taking every step  
As if it was my last  
I wonder if I'll make it out alive  
Out alive

All the fears inside  
Have taken over me  
Looking all around, no place to hide  
My blood is running cold  
I got nowhere to go  
I wonder if I'll make it through the night  
Through the night

Thinking back I see  
The way things used to be  
Living so carefree and full of life  
I had to walk away  
Ahh, what's happened to me  
So much pain and so much misery

See ya  
So far gone  
See ya  
So far gone

Save me, I'm down and out  
Under a spell  
Save me from this hell

[Solo]

See ya  
So far gone  
See ya  
So far gone

Save me, I'm down and out  
Under a spell

Save me from this hell

Save me, I'm down and out  
Under a spell  
Save me from this hell

Whoa  
I'm down and out
