Push to the limit  
Now get me involved  
This time I'll be there  
Arrive on my own  
Guide my emotions  
The wild eye stands alone  
When I catch you  
You'll find a mess  
One less beggar  
You stand alone  
Now you can kiss your ass good-bye

You lock up the question of faith  
Try'n open up the door

Must be jokin'  
You're outspoken  
You're the problem I'm facing  
Must be jokin'  
You're provoking  
Poor conditions  
Is fatal

One thing I fear  
Is the fear on your face  
High time I think it's self-hate  
Tell you once  
Should I tell you again  
Find it's time to eliminate

You lock up the question of faith  
Try'n open up the door  
Must be jokin'  
You're outspoken  
You're the problem I'm facing  
Must be jokin'  
You're provoking  
Poor condition is fatal

Nightmare  
Nightmare

## Nightmare

Must be jokin'  
You're outspoken  
You're the problem I'm facing  
Must be jokin'  
You're provokin'  
Poor conditions  
Is fatal  
Must be jokin'  
You're outspoken  
You're the problem I'm facin'
