Look, look around  
I tell you, we're not alone  
Social system in disguise

There's something in the sky  
Take a look in my eyes  
I'm not one to lie  
Not a fool to believe

Time, time again  
They hide the truth from me  
Lord, I feel so deceived

There's something in the sky  
Take a look in my eyes  
I'm not one to lie  
You're not a fool

To believe  
I'm no fool  
I believe

Taken by force  
(I've been) taken without remorse  
State your name  
Ahh, you're all insane  
(I've been) taken by force

Oh please set me free

Tossing and turning in my bed  
Oh I'm so lucky I'm not dead

[Solo]

What, what did I do  
I've been stripped of my rights  
Try, try to explain  
Those lights in the night

There's something in the sky

Take a look in my eyes  
I'm not one to lie  
Not a fool to believe  
Not a fool to believe

Taken by force  
(I've been) taken without remorse  
State your name  
Ahh, you're all insane  
(I've been) taken by force

Oh no  
Oh no  
I've been taken  
I've been taken  
I've been taken  
By force

Oh no  
Oh no
