See me with another guy and think that I'm a cheat
When you see me turn a blind eye and it keeps you on
your feet
You know, anything that you want, all you gotta do is
call
I stop right there and take your heat, I'm at your beg
and call
And I say
Baby don't leave me
Baby don't leave me
I'm yours, baby don't leave me
Baby don't leave me
Baby don't leave me
I'm yours

I don't really care for other guys, honey you're the one
I do anything that you want, this is how I get my fun
You know, anything that you need, all you gotta do is
call
I stop right there and take your heat, I'm at your beg
and call
And I say
Baby don't leave me
Baby don't leave me
I'm yours, baby don't leave me
Baby don't leave me
Baby don't leave me
I'm yours

And I say
Baby don't leave me
Baby don't leave me
I'm yours, baby don't leave me
Baby don't leave me
Baby don't leave me
I'm yours

See me with another guy and think that I'm a cheat

When you see me turn a blind eye and it keeps you on
your feet
You know, everytime you go away, our love so far apart

I wait for you to come right back, don't ever break my
heart
And I say
Baby don't leave me
Baby don't leave me
I'm yours, baby don't leave me
Baby don't leave me
Baby don't leave me
I'm yours, baby don't leave me
Yours, baby don't leave me
Baby don't leave me
Baby don't leave me
I'm yours
Yours and yours only baby
Yours and yours only baby
Yours and yours only baby
Yours and yours only baby
Yours and yours only baby
Yours and yours only baby
Yours and yours only baby
Yours and yours only baby
Yours and yours only baby
Yours and yours only baby
(Baby I) Yours and yours only baby (Baby I)
(Baby) Yours and yours only baby (Baby)
(Baby I) Yours and yours only baby (Baby)
(Baby) Yours and yours only baby (Baby)
