Being nice never got you anywhere  
Being sweet got you in troubles there  
Being nice no never got you very far  
You cop it sweet now get on play your part

Sweet memory can't help you grow  
Unless you want to live in the past  
And live in what you know  
You know the rules where'd they ever get you  
Someone's gonna push until they get a rise out of you

So come out and say it  
This ain't the way you wanted to play it  
When your frustration flies over your eyes  
And you see your girl with another guy

How many times are you going to live this through  
He ain't gonna change, he doesn't deserve you  
If you're gonna try well it's got to come true  
Pick up all your strength and we'll be waiting here for  
you

If you're got your doubts, think a year down the line  
If you think it's bad now, well baby give it time  
He seems to squeeze, all the love out of you  
I'm scared he ain't gonna leave nothing left for you

So come out and say it  
This ain't the way you wanted to play it  
When your frustration flies over your eyes  
And you see your boy with another girl

Oh being nice never got you anywhere  
Being sweet got you in troubles there  
Oh being nice no never got you very far  
You cop it sweet now get on play your part

So come out and say it  
This ain't the way you wanted to play it  
When your frustration flies over your eyes  
And you see your boy with another girl

Oh did it take you  
Did it take you by surprise  
Did it take you  
Did it take you  
Did it take you by surprise
