Good morning, Mister Sunrise
Good morning, Lady Dawn
I hardly get to know you
And now the night is gone

Time to rise and blink our eyes
And turn the whole world on
Good morning, Mister Sunrisw
Good morning, Lady Dawn

Good morning, Mister Bluebird
Good morning, Lady Dove
I hope you stay together now
And paint the sky above

You and I were made to fly
And tell the world about love
Good morning, Mister Bluebird
Good morning, Lady Dove

Do not let the morning come between us, love
Stay with me and share the afternoon
As the shadows lengthen into evening, love
Stay with me and we can share the moon,
Share the moon

Good evening, Mister Moonbeam
Good evening, Lady Night
Why don't we stay together now
And await the morning light?

When we shine, I feel so fine
And I think you're outta sight
Good evening, Mister Moonbeam
And I love you, Lady Night

Good evening, Mister Moonbeam
And I love you, Lady Night
