This poisoned honeymoon.
This person is gonna blow out soon.
Bad hair day,
Bad breath,
These nightmares are boring me to death.
They're boring me to death,
To death.
My heart is a diamond rib cage.
Unloveable, but love, mmm, I'm amazed.
My heart is a diamond rib cage,
Busted out, boy, busted out.
I'm twisted in flight.
I spin like clockwork,

Always out of time.
Bad hair day,
Bad breath,
These nightmares are gonna be my death.
They're boring me to death,
To death.
My heart is a diamond rib cage.
Unloveable, but love, mmm, I'm amazed.
My heart is a diamond rib cage,
Busted out, boy, busted out,
Busted out.
My heart is a diamond.
My heart is a diamond.
