-----  
Movement, outside, silence inside,  
Restless lover, spread your wings as the day begins.  
Chorus : It's just the sun rising.  
It's just the sun rising.  
It's shining.  
It's just the sun rising.  
It's just the sun rising.  
Oh...  
Learn to love your secret life, your still calm and gentle  
life.  
Your resolution comes too fast, now the night is past.  
(Chorus)  
Ahhh...  
Smiling, gliding, breathless, you're riding.  
Love is just a state of mind that we leave behind.  
(Chorus)  
Chicka, chickaaahhh...  
Let yourself go.  
(Chorus)  
It's shining.  
(Chorus)  
Life, life.  
Life, life.  
Life, life.  
Life, life.  
(Shining...)  
Life, life.  
(Shining...)  
It's just the sun rising. (Rising.)  
It's rising... (etc.)
