Consider it done like a father, like son
Like a ship that is lost at sea, drifting aimlessly
Far away from me

When you're falling asleep and your breathing is deep
But your drifting right out of sight into darkest night
Go towards the light

Feel love (feel love) - real love (real love)
Give love (give love) - three steps to heaven
Love life (love life) - live life (live life)
Give life (give life) - three steps to heaven

Like a shot in the dark, i was wide of the mark
It's wide open and plain to see,
Just the inner me, trying to break free

Feel love (feel love) - real love (real love)
Give love (give love) - three steps to heaven
Love life (love life) - live life (live life)
Give life (give life) - three steps to heaven

(feel love, real love, give love...)
(feel love, real love, give love...)
(feel love, real love, give love...)
(feel love, real love, give love...)

It was all coming back when the image turned black
And my vision began to swim, something from within
Seemed to pull me in

Feel love (feel love) - real love (real love)
Give love (give love) - three steps to heaven
Love life (love life) - live life (live life)
Give life (give life) - three steps to heaven

Feel love (feel love) - real love (real love)
Give love (give love) - three steps to heaven
Love life (love life) - live life (live life)
Give life (give life) - three steps to heaven
Three steps to heaven...
