And when I fall asleep,
your always there to rescue me (rescue me),
when Im close to sleeping,
may seem like a step in the right direction,
but somehow...
I stumble and fall,
everything I have is within my arms babe,
but Im a million miles away,
my world is filled with broken promises,
it all crumbles,
falls to the ground,
today is the day,
today is the day,
today is mine for the taking,
ill find my way, today is the day, (repeat, repeat like 9
times)
today ill find my way... home
