Under an eclipse of ever-rising feeling
Moving faster through my veins
And bleeding out the sun
ThatÃ¢â€™s beating down on our necks
And burning my eyes
If this is a crutch for the weak
Then I am the least of these
So cut off my arms and break my legs
So I donÃ¢â€™t feel this anymore
Choking on all of the feeling
That IÃ¢â€™m swallowing in
Tasting the failure on my lips
That IÃ¢â€™ve lead in
That IÃ¢â€™ve lead in
That IÃ¢â€™ve lead in...
This is my last chance for survival
A last ditch effort to cure my ache
WeÃ¢â€™re so vain arenÃ¢â€™t we?
WeÃ¢â€™re so proud and empty
WeÃ¢â€™re left leaning on our only intrigue
The lies that IÃ¢â€™ve told they wonÃ¢â€™t bury
us whole
They wonÃ¢â€™t find us in time
This is the end of the story that I, I can't forget
This goes far beyond our loyalties
We feign as a,a shield
ThatÃ¢â€™s teeming with guilt and resonance
But we held our heads so high...
We have not yet defeated failure
