

Beloved [us] "Into Your Arms"

Visit "[Into Your Arms](#)" on MotoLyrics.com

I'm motionless, and love stands still apart from all the
rest
And you're the only one who hears my voice
Apologies were spoken underneath the harvest trees
While our dreams fell down like autumn leaves

Its getting hard to pick myself up off the ground this
time
And your willingness never seems to change my mind
And im falling into your arms again
I'm thinking that I should put my trust in him

Do you remember November twenty-second?
I could see your breath but your heart was vaguing
Maybe this is what i need, some uncertainty
But if I let it go, I could be risking everything

Theres no day like today...

Theres no day like today...

And your drifting far away...

And it's tearing me..and it's tearing me..

It's tearing me apart...

I'ts getting hard to pick myself up off the ground this
time
And your willingness never seems to change my mind
And im running into your arms again
I'm thinking that I should put my trust in him
