Verse 1

Ba babaa ba ba da da
Ba babaa ba ba da da
Delicious baby

Girl you're so hot you could be flammable
You make me feel like going cannibal
You're lips are moving but, i can't concentrate
Undress you all night, and through the day
Fatal, playful, under table
Willing, able
So tell the waiter, come back later

Chorus

Tonight, you're looking good enough to eat
You're such a delicacy,
Oh i'm so hungry you're so sexy
Delicious, want you baby
I don't see nothin' on the menu
That wets my appetite like you do
So i say
I'll do dishes
If you do delicious€ want you baby

Verse 2

Your so edible i want you on a plate
Let me sit back and watch you masticate
I know what's on your mind, baby i can read it
I think i'm gonna get to have my cake and eat it
Fatal, playful, under table
Willing, able
So tell the waiter, come back later

Chorus

Tonight, you're looking good enough to eat
You're such a delicacy,
Oh i'm so hungry you're so sexy
Delicious, want you baby
I don't see nothin on the menu
That wept my appetite like you do

So i say
I'll do dishes
If you do delicious want you baby

Bridge
Your eyes meet mine
You sip your wine
Wipe your lipstick off the glass
I start to slip so get the cheque
And make it fastâ€¦!

Chorus
Tonight, you're looking good enough to eat
You're such a delicacy,
Oh i'm so hungry you're so sexy
Delicious, want you baby
I don't see nothin on the menu
That wept my appetite like you do
So i say

(repeat chorus)

Tonight, you're looking good enough to eat
You're such a delicacy,
Oh i'm so hungry you're so sexy
Delicious, want you baby
I don't see nothin on the menu
That wept my appetite like you do
So i say
I'll do dishes
If you do delicious want you baby

Want you baby
Want you baby
Want you baby!
