Well, I'll give you 20 seconds to explain
Well, before I throw you through the window pane
Well, 20 minutes in the toilet at the party
Well, How come she's so wet when there aint no rain no

I think its wrong
You know you don't have a chance
You think its on
Put that thing back I your pants
Last warning so so so so

Damn, I knew that I should have stayed
Cos when this guys on tour they might as well play
It makes me sick of all these titles and clichÃ©s
Give it up, give it up, give it up and walk away
From my girl
Get off, get off
My girl
Get off, get off
My girl
Get off, get off
My girl
Get off, get off

Well...
You says she's dirty and she's quick in bed
Well...
No evidence was left when she gave (what?! ah)
Well...
Just a whim in the toilet aint etiquette
Well...
Im green with envy but my eyes see red so

Pinch me
Wake up
Am I really even here?
Watching my best friend
Compliment your hair
Creeping up to beep the bell
When you know that I aint there

Damn, I knew that I should have stayed
Cos when this guys on tour he might as well play
It makes me sick of all these titles and clichés
Give it up, give it up, give it up and walk away
From my girl

Damn, I knew that I should have stayed
Cos when this guys on tour he might as well play
It makes me sick of all these titles and clichés
Give it up, give it up, give it up and walk away
From my girl
Get off, get off
My girl
Get off, get off
My girl
Get off, get off
My girl
My girl

Oooh
I think its wrong
You know you don't have a chance
You think its on
Put that thing back in your pants
Last warning so so so so

Damn, I knew that I should have stayed
Cos when this guys on tour he might as well play
It makes me sick of all these titles and clichés
Give it up, give it up, give it up and walk away

Damn, I knew that I should have stayed
Cos when this guys on tour he might as well play
It makes me sick of all these titles and clichés
Give it up, give it up, give it up and walk away
From my girl
Get off, get off
My girl
Get off, get off
My girl
Get off, get off
My girl

Girl
Get off, get off
My girl
Get off, get off
My girl
Get off, get off
Get Off, get off
