If it hurts, do it twice, avoid the void
Don't miss out on your life
Like a pair of shoes hanging from a wire
I have no idea how we got here

There is no breath left for words
They have all been spoken for
All we say just shatters to the ground
Clearly, severely

Time, it can't erase love or part of face
When a smile goes to waste
I'm tired of being sick, you're sick of being tired
I have no idea how we got here

There is no breath left for words
They have all been spoken for
All we say just shatters to the ground
Clearly, severely

If it hurts, do it twice, avoid the void
Don't miss out on your life

There is no breath left for words
They have all been spoken for
All we say just shatters to the ground

Shatters to the ground
To the ground, to the ground
Shatters to the ground

There is no more breath for words
They have all been spoken for
All we say just shatters to the grounds

There is no more breath for words
They have all been spoken for
All we say just shatters to the grounds

There is no more breath for words
They have all been spoken for
All we say just shatters to the grounds
