I believe in a few things  
God, the devil and love  
'Cause I've looked up from the bottom  
And I've stared down from above

And I have faith in a few things  
Divinity and grace  
But even when I'm on my knees  
I know the devil prays

And you're workin' your way  
From the ground on down

I hate to say I love you  
Because it means that I  
Will be with you forever  
Or will sadly say goodbye

And I love to say I hate you  
Because it means that  
I will live my life happily without you  
Or will sadly live a lie

And you're workin', your way  
From the ground on down, on down  
Your way from the ground on down, on down

Check it out

Life is short  
And if your lookin' for extension  
With your time  
You had best do well

'Cause there's good deeds  
And there is good intention  
They're as far apart  
As Heaven and Hell

As that you're workin' your way  
From the ground on down, on down  
Your way from the ground

Way
