Love, I get so lost, sometimes
Days pass and this emptiness fills my heart
When I want to run away
I drive off in my car
But whichever way I choose
I come back to the place you are

And all my instincts, they return
And the grand facade, so soon will burn
Without a noise, without my pride
I reach out from the inside

In your eyes
The light, the heat
I am complete
I see the doorway
to a thousand churches
The resolution of all the fruitless searches
Oh, I see the light and the heat
Yes, I want to be that complete
I want to touch the light
The heat I see in your eyes

Love, I don't like to see so much pain

So much wasted and each moment is slipping away
I get so tired, working so hard for our survival
I look to these times with you, to keep me awake and
alive

And all my instincts, they return
And the grand facade, so soon will burn
Without a noise, without my pride
I reach out from the inside

In your eyes
The light and the heat
I am complete
I see the doorway to a thousand churches
And resolution of all the fruitless searches
Oh, I see the light and the heat
Yes, I want to be that complete

I want to touch the light,
The heat I see in your eyes
In your eyes
In your eyes
