Make me feel like a beggar
Make me feel like a thief
Make me feel like a battle, that cannot end in peace
Make me feel like running, as if I've lost my nerve
Make me feel like crying, tears I don't deserve

Please bleed
So I know that you are real
So I know that you can feel
The damage that you've done
Who have I become
To myself I am numb
I am numb
I am numb

Is this really living sometimes it's hard to tell
Or is this a kind of gentler hell
Turn out the lights
And let me stare into your soul
I was born and bled for you to hold

Please bleed
So I know that you are real
So I know that you can feel

The damage that you've done
Who have I become
To myself I am numb
I am numb
I am numb

Never said thank you
Never said please
Never gave reason to believe
So as it stands
I remain on my knees
Good lovers make great enemies

Please bleed
So I know that you are real
So I know that you can feel
The damage that you've done

Who have I become
To myself I am numb
I am numb
I am numb

Please bleed
So I know that you are real
So I know that you can feel
The damage that you've done
Who have I become
To myself I am numb
I am numb
I am numb
