If I die from
Something so much less than smart
Know you've always held my heart
Even if we're torn apart
If I leave you
Underdone and underwhelmed
Just remember how it felt
Try to think of how it felt

I want my eulogy to say
He was the kind of friend that no one could replace
And I want my family to know,
That I love them more than words will ever show

If I miss my
Chance to make things right with you
Know how much I want it too
Know how much I need it too
Maybe someday
We'll look back at this and laugh
Maybe this is all we have
Maybe this is all we have

I want my eulogy to say
He was the kind of friend that no one could replace
And I want my family to know,
That I love them more than words will ever show

I want my eulogy to say

If I die from
Something so much less than smart
Know you've always held my heart
Even if we're torn apart

I want my eulogy to say
I want my eulogy to say
I want my eulogy to say
And I want my family to know,
That I love them more than words will ever show
