Fluorescent yellow you're who I'm fussin' with
I came to take a little more than I've got to give
Met you first right here back in '86
Fluorescent yellow you're who I'm fussin' with

Write me up 'cause I will not explain
You can try to feel it too, but its not the same

You're seven & seven is cool but don't try to act tough
I've seen 'em bending in too after they've had enough

My only promise
We'll have another day
Make me a promise
We'll have another day

Write me up 'cause I will not explain [will not explain,
will not explain]
You can try to feel it to, but it's not the same [will not
explain, will not explain]
Write me up 'cause I will not explain [will not explain,
will not explain]
You can try to feel it to, but it's not the same [will not
explain, will not explain]
