Verse 1

I'm not the kind of guy
Who wakes up every mornin'
Just to watch the world go by
Baby that is why
I had to know your name
And maybe even get your number
If you feel the same
We could play a little game I know
(Cause baby this could be beautiful)
Just you and me
(And baby this could be magical)
And girl you will see
(I wanna be when the winter comes)
I'll keep you warm,
Turn you on for the year to come

Chorus

Cause baby
If love is what you want
But time is all you need
Girl if it's good for you
It's alright with me (It's alright with me)
I will be there for you
Just wait and you will see
Girl if it's good for you
It's alright with me

Verse 2

Girl it's funny how
I hardly even know you still
You've turned me inside out
You turned my life around
Cause I won't let you down
And even through the darker times
We'll make it through some how
Put your trust in me and we can fly away
(Cause baby you are so beautiful)
Girl you got me
(To me it's more than just physical)
More and more each day
(I wanna be sentimental no more)
Just keep you warm, turn you on for
The years to come

Chorus

Cause baby

If love is what you want

But time is all you need

Girl if it's good for you

It's alright with me (It's alright with me)

I will be there for you

Just wait and you will see

Girl if it's good for you

It's alright with me (It's alright with me)

Bridge

Girl what if tomorrow never comes

That's why we should go for the things that we want

And I want you

Just put your trust in me

And you will see

That baby I believe in you

(Cause baby this could be beautiful)

Ah ah ah ah

(And baby this could be magical)

Magical

(I wanna be when the winter comes)

I'll keep you warm, turn you on woo

Oh woo oh woo

Chorus

Cause baby

If love is what you want

But time is all you need

Girl if it's good for you

It's alright with me

And baby

I will be there for you

Just wait and you will see

Girl if it's good for you

It's alright with me

If love is what you want

But time is all you need

Girl if it's good for you

It's alright with me

And baby

I will be there for you

Just wait and you will see

Girl if it's good for you

It's alright with me
