### Verse 1

It comes to me  
I'm feelin it  
My body grooves  
I'm in the mood

To rock my world, It's gotta be  
Something special

You got the moves  
You feel it too  
The rhythm takes  
Control of you

It's how you feel, you know it's real  
Let it take you

### PreChorus 1

Anywhere that you haven't been before  
Everybody rockin out on the floor  
Shakin your body yellin out for more  
Come on and give it to me

### Chorus 1

One more time with feeling  
(OH) Make me believe it  
(COME ON) One more time with feeling  
(OH) Keep on givin it

One more time with feeling  
(OH) Make me believe it  
(COME ON) One more time with feeling  
(OH) Keep on givin it

### Verse 2

I got the flow  
It's feelin true  
I got the style  
The attitude

They rhythm too  
You can't deny  
It comes to you

It's how you feel, you know it's real  
Let it take you
