I always flirt with death
I look ill, but I don't care about it
I can face your threats
Stand up tall and scream and shout about it
I think I'm on another world with you
I'm on another planet with you

You get under my skin
I don't find it irritating
You always play to win
I don't need rehabilitating

I think I'm on another world with you
I think I'm on another planet with you
Another girl, another planet
Another girl, another planet

Space travels in my blood
And there ain't nothing I can do about it
Long journeys wear me out
Oh God we won't live without it

Oh no,
I think I'm on another world with you
I think I'm on another planet with you
Another girl who's loving you now
Another planet, who's holding you down
