It's rough  
It's wicked and rough  
It's hard  
Pentonville rough  
It's tough  
It's wicked and rough  
It's hard  
Pentonville rough

Now in Pentonville there's all type of nation  
Russian, Columbian and Jamaican  
Latvian, Croatian and a Polishman  
Indian, Chinaman down from Vietnam  
And from the Carribean an Jamaican  
Poorly paid people formed the Irish gang  
And the Scottish and the Englishman

They're rough  
Pentonville tough  
It's hard  
Wicked and rough  
Yeah rough  
Pentonville tough  
It's hard  
Wicked and rough now

Everyday, it's the same  
People can't get better  
No they can't get tamed  
And black up the heads of the sick and the lame  
Some men jump out of their brains  
Cause they can't take the pressure  
Or the shame or the pain  
When they see the life, it go down the drain  
In Pentonville it's a different ball game

It's rough  
Pentonville tough  
It's hard  
Wicked and rough  
Yeah rough

Pentonville tough  
It's hard  
Wicked and rough now

Lying on my lumpy mattress  
Lying on my back  
Staring up at the ceiling  
Counting all the cracks  
And what's happening behind me  
Look over my shoulder back  
Bill Cole got my breakfast pack  
He won't give it back  
Oooooooooooh

It's rough  
Pentonville tough  
It's hard  
Wicked and rough  
Yeah rough  
Pentonville tough  
It's hard  
Wicked and rough now

Everyday, it's the same  
People can't get better  
No they can't get tamed  
And black up the heads of the sick and the lame  
Some men jump out of their brains  
Cause they can't take the pressure  
Or the shame or the pain  
When they see the life, it go down the drain  
In Pentonville it's a different ball game

So A wing, B wing, C wing and G Wing  
Come help us sing  
A wing, B wing, C wing and G Wing  
Come help us sing

Because it's rough  
Pentonville tough  
It's hard  
Wicked and rough  
Yeah tough  
Pentonville rough  
It's hard
