I wrote the president But I got no reply He claims he
tells the truth He writes it in the sky The taxman's at the
door Though he never seems polite They've got me
cornered Cornered in the light We could change that
overnight So goodnight to all the world Sleep tight all
you boys and girls I spent some time at school Livin' by
the rules They didn't like me much Hypocrites and
fools Old men teach young men To surrender to the
law The straight and narrow path Leads to the same
old door Gonne kick it in like before So goodnight to all
the world Sleep tight all you boys and girls Heaven
walks hand in hand with hell Rock 'n roll is alive and
well Too many heroes looking dead upon their feet It's
time to raise the roof And shout it in the street It's time
to take command It's time to make a stand Yeah Don't
need a uniform To know which side I'm on Don't need a
set of rules To know what's right or wrong I've been an
outcast In your eyes and to the law The right hand
takes away The left hand asks for more But we all know
the score So goodnight to all the world Sleep tight all
you boys and girls Heaven walks hand in hand with hell
Rock 'n roll is alive Is alive and well So goodnight to all
the world Sleep tight all the boys and girls Heaven
walks hand in hand with hell Rock 'n roll is alive Is alive
and well Goodnight Goodnight Goodnight Goodnight
Goodnight Goodnight Goodnight Goodnight Gonna
have some fun tonight Everything's alright Goodnight
Goodnight Goodnight Sleep tigh
