You still believe you love him, I still believe I'm right
You're lost and I can't find you, you're somewhere in
the night
We've got nothing left to talk about, this time it's
goodbye
But you can't hurt me anymore, I've no more chance to
cry

Walk away, gonna build our plans to start again
Walk away, we're gonna turn our backs on love and
walk away

Captivated by you, I'm reaching for your love
Living in your shadow but that was not enough
You don't seem to care about the reasons that I give
We'll go fall in love again survivors always live

Walk away, gonna build our plans to start again
Walk away, we're gonna turn our backs on love and
walk away
I love you, I love you still
I am broken by your words but I love you still

Walk away, gonna build our plans to start again
Walk away, we're gonna turn our backs on love again,
walk away

Turn around, turn and walk away
We're gonna turn our backs on love, walk away
Turn around, turn and walk away
We're gonna turn our backs on love, walk away
Turn around, turn and walk away
We're gonna turn our backs on love
