Up the morning, up, up the morning
Up the morning, up, up the morning
Up the morning, up, up the morning
Up the morning, up, up the morning
Up the morning, up, up the morning

Everytime I see your face
It makes me sad, it makes me chase
Chase my love across the world
Even though you're not it's taste
Simple, evil, I don't walk alone

Everytime I see your face
It makes me cry, it makes me wait
Waited far too long
And you were over me
But it's ok, cause I know, where you will go, I will go

Up the morning, up, up the morning
Up the morning, up, up the morning
Up the morning, up, up the morning
Up the morning
Up the morning
Up the morning, up, up the morning
Ayyyyyyyyy

And if I, if I could go
Back in time
And if I, if I could go
Back in time
I'd go to show, what did I show?
I would not show
The nights and the fights when I came rumbling out the
door
Well what was I supposed to do?
Where's a boy supposed to, supposed to go?

Up the morning, up, up the morning
Up the morning, up, up the morning
Up the morning, up, up the morning
Up the morning, up, up the morning

Up the morning, up, up the morning
