There was this girl  
And she was pretty and smart and funny  
And always kidding

We got along so perfectly  
That I thought she was coming on to me

And suddenly I came to see  
I was where nobody wants to be

In the f-f-f-friend zone  
In the f-f-f-friend zone  
In the f-f-f-friend zone  
In the f-f-f-friend zone  
Friend zone

There was this girl  
I met her out west  
And I really thought that I had her impressed

She totally acted like she wanted me bad  
And I could have sworn I'd be holding her hand

Like a brick to the face turns out she had a boyfriend  
I knew where this young love would end

In the f-f-f-friend zone  
In the f-f-f-friend zone  
In the f-f-f-friend zone  
The lonely friend zone

Maybe it's 'cause chicks think I'm gay  
I should bulk up and I'd get laid for a change  
Maybe my standards are unfair

Looking at all the wrong places  
Instead of their faces

(Do they even care)  
About the people in the friend zone  
About the people in the friend zone  
All the people in the friend zone

About the people in the friend zone

In the f-f-f-friend zone

In the f-f-f-friend zone

In the f-f-f-friend zone

In the f-f-f-friend zone

I'm living in the friend zone

Oh I'm living in the friend, friend zone

I'm stuck in the f-f-fucking friend zone

Living in the friend zone

Friend zone

In the f-f-friend zone

Oh we're living in the friend zone

Everybody's in the friend zone
