Nothing is perfect
Will I be forgiven?
I don't wanna fight
Baby, you're right
So I'm gonna try
To be peaceful tonight,
Tonight

With you
With you
With you
With you

With you(whispered)

(Aaah...)

My heartache was working
Now it is freezing
This is amazing
Come out with guns blazing

I don't wanna fight
But baby, I might
So I'm gonna try
To live through the night
Baby, don't cry
No I don't know why
But if I don't die
I'll spend my life

With you
With you
With you

With you(spoken)
