"Take Some Time"

Oh I want to take some time
Just like you did for me
You showed me what is real
And how good this life can be
I wanna take some time,
Aint no better time than now to make it right
so iÂ'll take me life
and IÂ'll live it for you.

I just didnÂ't know that love could be this good until
now,
You have opened my eyes 2x
You have opened my eyes
Yeah, I want some time to be with you alone
YouÂ're the one I need,
It is you I long to know

I want to take some time
and let love say it all

I just didnÂ't know that love could be this good until
now,
You have opened my eyes 2x
You have opened my eyes

Love is good 2x

Live my life
