The religious of the world, dangerous insane turds.
Crying "Sieg Heil, Holy Poltergeist"!

Man made "god" in the likeness of his sickness.
It should be the main aim of the wise to rid humankind
Of the insolence of self-sacrifice, of the calamity of
chastity.
Faith must be slain by certainty and chastity by
ecstasy!

Stipendium peccati vita est

We should believe... a Jew girl was fucked by a dove
who was really God in disguise
That gaseous vertebrate of cosmic heft, an alpha male
dwarfing King Kong.

A small primitive population believed this in a desert
far away, long ago.
Yet somehow their superstition should be right for us,
right here, right now...
Moses wept, Muhammad wept, Jesus fucking wept!

Stipendium peccati vita est

And that half-bird, half-Jew schmuck somehow still
spies on us,
But luckily all religions die at last of swallowing their
own lies...

Stipendium peccati vita est

Now I believe... the universe is an intelligence test - and
you have failed!

You circumcised fucks, don't lay your trip on us
Grow up, you makes us throw up!
