Stand up, wish me luck  
No sense in getting me down  
Headstrong cruise control  
Nothing's impossible now  
There's only one, the restless are gone  
Said it's gone  
Celestial beds to fill  
Draped in the constants of life  
Tread on skin and bone  
Nothing's invincible now  
And will you stop it, or will you conquer it  
Until you drop it  
Body and soul, he said he's gonna live without you  
He's chosen life  
He's freed up all he can  
He said he's gonna live without you, without you  
And will you stop it, or will you conquer it  
Until you drop it  
Body and soul, he said he's gonna live without you  
He's chosen life  
He's freed up all he can  
He said he's gonna live without you, without you  
Body and soul, he said he's gonna live without you  
He's chosen life  
He's freed up all he can  
He said he's gonna live without you,  
He's chosen life  
Can't breathe at all  
He said he's gonna live without you  
He's chosen life  
He's freed up all he can  
He said he's gonna live without you, without you,  
without you
