Confined and concealed  
Where nothing is real  
Smokes far away  
Blows down course  
Whole body absorbed  
Opinion exposed  
Sift powder and load  
You send me  
Your passion flower  
You scream and get loud  
Release yourself  
They're choking your air  
Senses beware  
A hazened rich sky your loud cry  
Fast pace, slow, infecting your soul  
To sink is to soar  
You send me  
Your passion flower  
You scream and get loud  
Release yourself  
Your passion flower  
You scream and get loud  
Release yourself  
It sometimes seems  
Like the only way I'll get by  
When my head's stretched  
And my mouth is dry  
And I feel undressed  
To the naked eye  
Pacing back and fourth  
Side to side  
When your head stays in the pillow, boy  
Hey man it's good  
To get loud alone  
Don't bother getting all depressed  
You're out in four  
Your passion flower  
You scream and get loud  
Release yourself  
Your passion flower  
You scream and get loud  
Release yourself

Your passion flower, your passion flower,  
Your passion flower, your passion,  
Your passion, your passion  
He thinks about going somewhere  
His whole life
