I'd like to tell you about a very old dance  
Ring-a-ring o'roses, renaissance trance  
And though it's old the steps come easy to you  
You just do, do, do what you have to do

Yeah, yeah come rolling  
Yeah, yeah, ina passacaglia

You sense a woman, say Miss mary Go-Round  
Atishoo, atishoo, we all fall down  
The two of you will find your own way  
Passacaglia goes down, down, down all the days

Let's go up to the mountain top  
Let's go swimming in your pond again  
We move in circles 'round and 'round, lift our bodies  
off the ground  
Let's seek that volcano dear  
Your water fountain should be near  
Daddy's with the secret police  
That might be why I'm hard to please
