Face down

Obey to who is ordering:

God and master

Each one of us has someone to please

Work more, faster, the show, it must go on

Work more, spend more

Happiness is one purchase away

We live our lives like if our condition would be just a
phase

In wait of some kind of recognition that will surely not
come

As for me, I had enough

From now on,

Never more

From now on,

Never more

Work more, buy more, spend more, then rot in peace

Work more, buy more

Trying to buy happiness

Vicious circle, I put an end to this vicious circle

Will this end only once I'm dead?

And so we'll live in blood sweat and tears:

No love no hate

And so we'll die: bound to happen

I won't die the same

Conscious

Happiness can't be bought

No respect can be found in a system based on our
craze or the superfluous

Happiness can't be bought

Dignity is coming back as I swear to myself now:

From now on,

Never more

From now on,

Never more
