I'm not alive. I'm not dead.  
I can't be alive not without you.  
I'm remembering everything and it hurts.

All I wanted to do was to heal your wounds.  
I wanted you to see the beauty I see in you.  
But you were never willing to comprehend.

You were never alone in this. I'm always willing to be.  
You were never alone in this. I was willing to be by your  
side.

You always said, for the fight you'd be standing on the  
front lines.  
Where your heart is you'll find your treasure.  
Now it seems, I don't know, where your heart was at the  
whole time?  
You never had to be alone through this and you know it.  
I was always standing by your side.

Let me in your arms. Let me be your first. Let me share  
your pain.

Can you just let me in?

I always wondered 'bout that look in your eyes,  
So cold with no emotion  
(It started from the moment when I entered your room)  
And your hands at your side.  
You can't hide from me ya know that I've been reading  
your mind,  
(Saw the roses which yet haven't bloomed)  
And it's been telling me a story of an unhappy life.  
So full of pain & so full of regret,  
(I saw the gleam from the razor upon your wrist)  
You left a message on my pillow that said "Never  
forget me"  
I know you're so afraid of opening up,  
But I'm begging on my knees, can you just let me in?  
(You told me it was the definition of our love)

It will never be over.
