Don't play me a symphony
A simple song will do

Diamond rings
Sparkling bright
Gold and silver things
Candle lights
But I wish you bought
Real light
One day you understand
The meaning in my eyes

Don't play me a symphony
A simple song will do
Don't buy me no jewellery
Won't make my dreams
Come true
Fancy cloths I never wore
And books I never read
All I want is your
Love is all I need

Don't play me a symphony
I'd rather hear a song
Harm a note and melody
So I can harm along
Love is all I have to give
And love is all I need
All I want is your
Love is all I need

Sympathy is not allowed
When you talk to me
You don't shout
If you gave more
More of your life
I could easily
One day be your wife.

Don't play me a symphony
A simple song will do
Don't buy me no jewellery

Won't make my dreams
Come true
Fancy cloths I never wore
And books I never read
All I want is your
Love is all I need

Don't play me a symphony
I'd rather hear a song
Harm a note and melody
So I can harm along
Love is all I have to give
And love is all I need
All I want is your
Love is all I need

Love is all I have to give
And love is all I need
All I want is your
Love is all I need
