If I said I loved you
Would you stay around me
Or would you run
Scared of the power
Love can become

If I tried to hold you
Would I reach to find you gone
Will there be a day
You stare at real love
And not turn away

I'll feel the power
And be blinded by the light
I can touch the magic
That waits for us tonight

But you
You are afraid
When we make love
It's love that I make
But you are afraid

Oh, will there be a day
You stare at real love
And not turn away

I'll feel the power
And be blinded by the light
I can touch the magic
That waits for us tonight

But you
You are afraid
When we make love
It's love that I make
But you are afraid

'Cos you
You are afraid
When we make love
It's love that I make

But you are afraid
Afraid
