It's eight o'clock  
And I'm scared as I can be  
Just thinking  
As I stand outside your house  
It's been ten years if it's been three  
I walk up to your door and start to knock  
It flies open in my face  
And all that I can say  
Is the only words that come into my mind

Remember me  
I'm the one that hurt you  
Remember me  
I'm the one that left you all alone  
Remember me  
Yes I'm the one that stole your happiness  
And there's something I've got to say  
Now that I'm getting things right  
Something I've got to ask  
Of someone else tonight  
I've taken and taken  
What never belonged to me  
I'm a thief and guilty  
Though I don't deserve a thing  
When You come into Your kingdom Jesus  
Remember me  
Remember me

Remember me  
Tonight's the night to tell you  
He has gripped your soul and brought you here  
Remember back  
When you and I hurt each other so  
So, there's something I've gotta say  
Now that I'm getting it right  
Forgiveness I've got to ask  
From God Himself tonight

I've taken and taken  
What never belonged to me  
I'm a thief of the worst kind  
Though I don't deserve a thing

Remember me  
Lord, when You come into Your kingdom  
Remember me

No, I've never cried out for much mercy  
But now in this moment I've found it

Remember me  
And end to pain and suffering  
Remember me  
Forgive the past and on this very day  
I will be with You in paradise
