today is gonna be my day
is gonna go my way
for the first time in a while
today is gonna be real grand
i'm gonna have a plan
for the first time in a while
and though the world may drag me down
still i will smile and i won't frown
cuz i will just keep holding on to you to you

cuz i'm alright and i'm ok
and i'll still make it anyway
cuz i know that i'll always have you
through rain and fire
through thick and thin
i know that you will be my friend
and i will just keep holding on to you

today is gonna be my day
is gonna go my way
for the first time in a while
today is gonna be really smooth
i'm gonna drink mountain dew
for the first time in a while
and though the world may drag me down
still i will smile and i won't frown
cuz i will just keep holding on to you to you

i'm alright and i'm ok
and i'll still make it anyway
cuz i will just keep holding on to you
through rain and fire
through thick and thin
i know that you will be my friend
and i will just keep holding on to you

cuz i'm alright and i'm ok
and i'll still make it anyway yeah
cuz i'll keep holding on to you
through rain and fire
through thick and thin

i know that you will be my friend
and i will just keep holding on to you
keep holding on to you

cuz i'm alright and i'm ok
and i'll still make it anyway
cuz i will just keep holding on to you
through rain and fire
through thick and thin
i know that you will be my friend
and i will just keep holding on to you
i'll keep holding on to you
