"Always Behind A Smile"

Ten years and you're back again. but i don't want to go
back to this. these kids were not my friends. high
school memories just like a kiss. forget how they
laughed. forget how i cried. forget everything. forget
how i lied to myself. just like a kiss. and i can't forget
how it was. just like a kiss. and i can't forget my
discomfort. i'll never forget hiding behind this smile. i
never intended to let them see me while i was afraid.
always hiding behind something. that something's
changing all the time. it seems i'm crying about
nothing. or maybe it's something i kept inside of myself
