I'm not alone, sitting back there
How come I get the feeling
That you can vanish right through the air
Your gonna love me more than anybody else, babe
I'm such an easy touch.
Oh baby baby, I think I love you too much

If I pick you up, you slip right away
If I lock you up, you find a way to make me pay.
You're gonna hurt me more than anybody else baby
I'm such an easy touch
Oh baby baby, I think I love you too much.

I'm gonna give you everything you want
Lord I'm into you
You won't give an inch to me
I gave you a mile or two

I'm gonna give you everything you want
Lord I'm into you
You won't give an inch to me
I gave you a mile or two

I'm not alone, sitting back there
How come I get the feeling
That you can vanish right through the air
Your gonna love me more than anybody else, baby
I'm such an easy touch.
Oh baby baby, I think I love you too much
Oh baby baby, I think I love you too much
Oh baby baby, I think I love you too much
