I've told you that I love you
I can't get you out of my mind
There's too many miles between us
Now I see what's best for me

I miss your lovin' in the morning
I miss that twinkle in your eyes
Don't you know that times are changing
Now I see what's best for me
Maybe we can work it out
(Maybe we can work it out you and I)

Talk things over
You and I
Maybe we can work it out
Talk things over
You and I, you and I

I miss your lovin' in the morning
I miss the smell of your sweet perfume
Don't you know my life ain't easy
Now I see what's best for me
Maybe we can work it out
(Maybe we can work it out you and I)

Talk things over
You and I
Maybe we can work it out
Talk things over
You and I, you and I

My arms are open and I'm coming home
Lord, I can see clearly now, now my work is done

I miss your lovin' in the morning
I miss that twinkle in your eyes
Don't you know that times are changing
Now I see what's best for me
I know we will work it out
(Maybe we can work it out you and I)

Talk things over you and I

(Maybe we can work it out)
Ohh Yaa
(Talk things over)
Talk things over you and I

Ohh Yaaaa
(Maybe we can work it out)
(Talk things over)
Talk things over you and I
(Maybe we can work it out)
Maybe we can work it out
(Talk things over)
Talk things over you and I
(Maybe we can work it out)
