Neutral Zone  
Fred Turner

If you listen you can hear me  
Lord I need someone to show me  
I'm not alone, take me from this neutral zone

When the king of this illusion  
Spreads his heartache and confusion  
I know, I'm gonna get out of this neutral zone

It used to be such a good time  
But then blood comes to a boil  
Soon come the lies as they scramble to hide  
What's gone down, all around

When they lose the real perspective  
And those losses aren't subjective  
Oh no, they're going to send us to the neutral zone  
Oh no, they're going to send us to the neutral zone

Oh no, they're going to send us to the neutral zone  
Oh no, they're going to send us to the neutral zone

I keep right on going, and though I'm working hard  
I see the gypsy wince as she reads the cards, life is  
hard

When they lose the real perspective  
And those losses aren't subjective  
Oh no, they're going to send us to the neutral zone  
Oh no, they're going to send us to the neutral zone  
Oh no, they're going to send us to the neutral zone  
Oh no, they're going to send us to the neutral zone
