Another place, another time
I could be yours, you could be mine
But we both have other lives, play different games
Sometimes circumstances change but maybe someday

-
I could be yours, you could be mine
Another place, another time

Time drags on when you're waiting for the
perfect one
Someone to touch your heart, make a change

Like two trains runnin' down different tracks of life
Until our destination is the same -
We must play this waiting game
We gotta play this waiting game

Guitar solo
Another dream, another dance
Our eyes meet, we take a chance
Seems we've been waiting for this moment
far too long
When it makes us feel so right can it be wrong?
Reach out your hand, wade cross the line
This is the place, this is the time

Time drags on when you're waiting for that
perfect one
Someone to touch your heart, make a change

Like two trains runnin' down different tracks of life
Until our destination is the same
We must play this waiting game
We gotta play this waiting game
Guitar solo
Time drags on when you're waiting for that
perfect one
Someone to touch your heart, make a change

Like two trains runnin' down different tracks of life

Down different tracks in life
Until our destination is the same
We gotta play this waiting game
We gotta play this waiting game
We gotta play this waiting game
We gotta play this waiting game

Ooooooh, hurts so bad
